

From the sheep yards

LAMBS

A cold day for the first day of winter with numbers reduced from last week following good weekend rain across the district. Agents initially drew for 2300 lambs, 1550 sheep and 550 Dorpers but final numbers were well down on that. The National Livestock Reporting Service quoted the market as dearer by as much as \$10/head for some classes as demand outweighed supply.

Heavy lambs (26.1- 30kg) sold to \$165 for pen 031 (pictured top left) sold by DCM on account John and Marion Walters. CP also sold 80 head on account Wyoming Pastoral, Duri for \$162 (compared to \$155 last week for the same vendor) and a further 85 head made \$157.

SHEEP

Ewes sold to \$137 for 9 head (pictured 3rd from top) sold by RWGC on account Farrer Memorial Agricultural High School, Tamworth.

The top pen of wethers made \$126 and rams sold to \$65.
